MEMORANDUM FOR THE RECORD

SUBJECT: Report by J. Patrick Coyne on Meeting of Gen. Hull
and Mr. Coyne with Messrs. Stans, Staats and Macy
of the Bureau of the Budget

1. Mr. Coyne reported to the DCI and the undersigned on his lengthy discussions with Messrs. Macy and Ecker regarding the Bureau of the Budget's desire to do a survey of the intelligence community starting with the NSCIDs, DCIDs, the USIB and its subcommittees, examining the over-all picture of coordination. His report is almost identical to that of Col. White in his 7 December memorandum of his meeting with Bureau of the Budget representatives.

2. Mr. Coyne said that as a follow-up to this he and Gen. Hull met with Mr. Stans at 1000 on 14 December. Stans said he had told the President that he had 10 or 12 surveys in mind and the President told him to go ahead. Stans then related what he had in mind as far as the communications and the intelligence studies were concerned and, according to Coyne, Stans' view was not as broad or comprehensive as that which had been earlier proposed by Macy. Stans told Gen. Hull that since the intelligence community spent nearly [redacted] he felt that a broad look at coordination was required. Gen. Hull said that while he did not wish to be obstructive in this matter, he thought Mr. Stans should realize that this was precisely the area the President's Board had been covering in the last three years. Gen. Hull then used the annex of the report to the President to give Mr. Stans a general indication of the types of recommendations the Board had made. Mr. Stans then asked if the Bureau of the Budget could see the semiannual reports to the Board or the Board's reports to the President and the replies to these reports. Gen. Hull said he considered these to be privileged documents and suggested that Mr. Stans address this request to the President, but that, on the other hand, Mr. Coyne would be very glad to discuss these matters with Bureau of the Budget representatives, and that he would be happy to provide them any assistance that he could.

25X1

Addenda. At 1000 on 15 December Mr. Coyne called to say that Mr. Ecker of the Bureau of the Budget had already called him to ask to

no action

see the semiannual reports. Coyne said he had advised Ecker that it was not his understanding that these reports were to be made available to the Bureau of the Budget. He said he did not want to seem obstructive, but he thought it had been made clear in the previous day's meeting that these were considered to be privileged documents. He said he would be glad to discuss with Ecker specific subjects but he could not make Board documents available. Coyne said he had telephoned Gen. Hull in New York and reconfirmed this position.

Lyman B. Kirkpatrick
Inspector General

DDI/CIA, 3:30 - 3:45

General Discussion - 3:45 - 4:15

PROBLEM AREA 2.b.(2):

"Periodic community evaluation (including the appraisal of dollar and man-year inputs) of the foreign intelligence effort as a whole -- with particular attention to improving the total program balance from the geographic and functional points of view, and to increasing efficiency and eliminating any unprofitable duplication in the utilization of intelligence resources."

S-E-C-R-E-T

S-E-C-R-E-T

Tuesday, 23 August, 2:00 to 4:00 P.M., 214 Admin. Bldg.

1. History of the Cost Estimates Program.....Mr. Edward Saunders
Chm., Cost Est. Comm.
2:00 - 2:15
2. Work on FY-1959 data.....[redacted] 25X1
2:15 - 2:45
3. Basic problems in development of cost
estimates in the DOD.....[redacted] 25X1
OSO/OSD
2:45 - 3:15
4. Plans for future improvement.....[redacted] 25X1
3:15 - 3:30
5. Round-table discussion.....3:30 - 4:00

NOTE: The Staff plans to schedule further briefings on this problem area after the Group's European trip.

PROBLEM AREA 2.d.:

"The effectiveness of current implementation of intelligence coordination directives and procedures -- with special attention to the field coordination of overseas intelligence activities."

NOTE: This problem area will be handled in the form of round-table discussions with representatives of the USIB members concerned who will be requested to:

1. Describe the actions they have taken to implement the NSCIDs, DCIDs, and other directives related to the coordination of intelligence.
2. Furnish copies of all pertinent directives promulgated or otherwise issued.
3. Present their views on the "effectiveness" of current implementation of such directives within the community and "surface" any problems related thereto -- indicate whether any problems in implementation are due to basic faults in the directives themselves.
4. With reference to the provisions of para. 2.a.(1) of NSCID No. 1 that the USIB shall -- "Establish policies and develop programs for the guidance of all departments and agencies concerned. What type of long-range advance planning has or should be done by the USIB."

~~Mr. Robert Amery~~

Mr. Allan Evans

PROBLEM AREA 2.e.:

"Present arrangements for COORDINATING research and development
conducted in support of the foreign intelligence effort and for
determining the intelligence community interests in, and providing
support to, any R & D for other primary purposes which may also have
significant potential usefulness to intelligence."

S-E-C-R-E-T

S-E-C-R-E-T

NOTE: This problem area will be handled on a round-table discussion basis with the pertinent representatives of the USIB member agencies concerned who will be requested to:

1. Give the Group a general picture of the basic objectives and current status of their R & D projects in support of intelligence (including a listing of each project showing summary description, estimated total cost, other agencies participating, if any, whether the project is handled "in-house" or contracted out).
2. Provide only those technical details of the gadgetry involved that are factors in the coordination problem.
3. Describe in detail how they coordinate their R & D activities within their own organizations and within the community.
4. Describe their system for determining their organization's interest in, and provision of support to, R & D having a potential by-product usefulness to intelligence.
5. Give their views as to ways and means of improving the coordination of R & D conducted in support of, or of interest to, the intelligence community.

Thursday, 1 September, 2:00 to 4:00 P.M., 214 Admin. Bldg.

Coordination of R & D from the DOD level.....

Col. H. E. Smith
